General Statement of Professional Experience (written by firm)

Titcomb Associates was founded in 1969 by Robert P. Titcomb to provide surveying services to both the private and public sectors. Robert Titcomb established a reputation as an innovative professional who was committed to providing a quality product to his clients; the same commitment to excellence is carried on today by his son, David E. Titcomb. Over the past 40 years Titcomb Associates has participated in all aspects of land surveying, including boundary location, topography, hydrography, site development, subdivisions, road and building layout, route surveys and Global Positioning Systems (GPS) applications. The firm employs four licensed Professional Land Surveyors and uses the latest technology including robotic total stations and RTK GPS units.
